1. Project one Migrants in libraries - Bibliothèque Sans Frontières (SDGs1, 2, 3, 4, 8)

How to welcome someone who does not speak French in a library? What resources can be offered on access to rights? How do you register a person having no administrative record? How can you promote cultural diversity by adapting the existing resources and actions of your library?

Faced with the many questions of librarians, in 2018 Bibliothèques Sans Frontiers produced a dedicated online training course, "Welcoming people with migration in libraries". The result of a collaboration with librarians, associations and researchers, the training course is now available on the BSF Campus platform, which offers eight free and certifying training courses for French-speaking library stakeholders.¹
